## SUMMARY

A passionate professional with strong analytical thinking and a detail-oriented approach, with one year of experience across program support, business operations, and .NET development. With a degree in Information Technology, I enjoy analyzing data, uncovering patterns, and turning findings into actionable insights. Strong in understanding business requirements, coordinating stakeholders, and delivering data-driven solutions.

## EDUCATION

### Velalar College of Engineering and Technology

Bachelor of Technology in Information Technology - CGPA: 8.46

Tamil Nadu, India  
August 2019 - April 2023

## SKILLS SUMMARY

- **Languages:** Python, SQL, DAX
- **Libraries:** Pandas
- **Tools:** Excel, Power BI, Looker Studio, MySQL
- **Soft Skills:** Teamwork, Stakeholder Management, Adaptability, Emotional Intelligence

## PROJECTS

- **Njiwa Water Project** Analyzed water projects across 5 provinces, covering population access, project completion, and cost performance. Analyzed 28M total population, with 13M having access to basic water and an overall access rate of 47.83%. Compared cumulative project costs across provinces and analyzed improvement-wise costs, including RO filters and other improvements. Identified 20K incomplete projects and examined completion levels across provinces, water sources, and project categories.
- **Car Sales Analysis** Analyzed 24K transactions generating 672M in revenue, with an average order value of 28.09K. Evaluated 24.57% YoY growth and compared monthly sales trends across 2022 and 2023. Compared sales performance across dealer regions, with Austin recording the highest sales quantity. Analyzed sales distribution by gender, income group, and car company, with Chevrolet recording the highest quantity.

## EXPERIENCE

- **Indian Institute of Science, Bangalore** September 2025 - March 2026  
*Project Assistant on-site*
  - Coordinated on-campus and virtual recruitment drives, serving as the main point of contact for recruiters and students.
  - Researched 400+ companies and reached out to 700+ recruiters via email and calls to expand corporate connections.
  - Verified academic and personal documents of 500+ Indian and international students and managed with recruiter.
  - Handled end-to-end logistics, including venues, virtual meetings, interview scheduling, vendor coordination, and invoicing.
  - Maintained accurate placement records and reports, and followed up with placed students to support smooth onboarding.
- **Edu Tantr, Bangalore** January - May 2025  
*Business Development Intern on-site*
  - Identified new business opportunities through market research, cold outreach, referrals, and networking events.
  - Pitched tailored solutions to prospective clients, led negotiations, and closed deals that contributed to revenue growth.
  - Built long-term client relationships and collaborated with marketing, sales, and product teams.
  - Tracked lead conversion, pipeline growth, and revenue, and analyzed market trends and competitors.
- **Safedock** July 2023 - October 2023  
*Software Developer Trainee Remote*
  - Developed a client website using ASP.NET Web Forms and C#, with login, Google OAuth, and session handling.
  - Implemented CRUD operations using ADO.NET and SQL stored procedures, displayed through GridView with pagination.
  - Managed application settings and security through Web.config for secure, reliable operation.
  - Coordinated with the client on requirements and feedback, and led the team to deliver on time.

## PRESENTATIONS

- Presented “Renting the Ideal Farming Equipment” at Smart India Hackathon 2022 and delivered a session on 5G Technology at the Computer Society of India (CSI).

## CERTIFICATIONS
